

A patio cover provides sun and rain protection for people and furnishings in a sheltered but open air environment.

Sheppards products are custom built to the customer's specifications.

Freestanding gazebo and spa enclosures create an exciting indoor-outdoor living space.

Turn your existing sun-baked deck into a relaxing outdoor room.

Sheppards products are fabricated to customer specifications, making on-site installation much quicker than competitors' products.

Engineered to local building codes.

Products by Sheppards are displayed and installed by a national network of dealers. They will assist you from design to completion.

A Sheppards Dealer will help you get started.

Create the sunroom of your dreams

Sunrooms are made in single glazed or double glazed glass. Thermally broken frames are available.

For the gardeners, a Sheppards sunroom is an ideal place for those exotic and temperamental plants while providing an enjoyable place to relax.

Skylites let in natural light and insulated roofs block the heat from the sun, both making your sunroom more comfortable.

Pick a style that enhances your house, then design it to work with the climate and functions of your lifestyle.

Sliding windows are great at letting in a cool breeze on a hot summer day.

Choose from a sliding patio door, single entry door or double entry door.
